Dept. of Hindi

File No. 1 Departmental Profile

➤ **Importance and Scope of Subject:**

Hindi is language of communication in India. In constitution of India Hindi is official language and in the mind of Indian people Hindi is national language. Hindi language is on number two position in the world as per the ratio of speakers. In our country Hindi is used by largest people for various communications, may it be official or personal.

Another most important thing about Hindi is it is language of business. We can observe that whenever two persons or groups speak for business they speak in Hindi. Even a person goes to grocery shop or goes to vegetable market he speaks in Hindi. From street market to electronic waves of television we can see Hindi as language of market. Even multinational foreign companies recognized importance of Hindi and they started different entertainment and news channels in Hindi. Different mobile producer companies started making software in Hindi. This is the recognition of potential of Hindi by foreign players. Through this angle Hindi is important language.
